

Erasmus MC Rotterdam, The Netherlands 17 - 18 May 2018

BioSkills

Life is all about activity. At Zimmer Biomet Institute we therefore believe our delegates should play an active part when learning about new products, surgical techniques or the like. Get your hands and brains on human specimens, sawbones and instruments to deepen your knowledge and enhance your skills!

The specific course objectives include:

- Discuss appropriate patient selection, indications, approaches and implant use
- Interact and discuss cases with expert Faculty and colleagues
- Review the practical and technical aspects of Sports Medicine implants
- Perform the operation using anatomical specimens

The Zimmer Biomet Institute wishes you a valuable and enjoyable training with us.

7immer Biomet Institute

LEARN, INTERACT, UNDERSTAND, SHARE,

Our continuum of education offers a vast range of opportunities to health care providers and Zimmer Biomet team members to learn, interact, understand and share knowledge about our products, services and about surgical philosophies through a variety of modalities.
