

# BioSkills Course

## ASI Total Hip Arthroplasty

Facultad de Medicina Universidad CEU  
Madrid

25-26 April 2017

Invited Faculty:

Dr Geert De Loore

Dr Ronald Driesen

Dr Martijn Raaijmakers

## Meeting Information

This immersive and flexible practical course aims to give you all of the knowledge and skills that you require to evaluate this procedure. Please ask any questions as they arise, and the Zimmer Biomet Institute Faculty and Staff will help you find your solution

## Learning Objectives

- Review the rationale for the ASI Approach
- Discuss pre-operative planning and formulate a surgical plan
- Assess surgical key points including capsular release, cup positioning, and anatomy management
- Perform the ASI Approach, either with or without a positioning table, using anatomical specimens,
- Investigate available implant options and perform the surgical technique
- Review surgical tips from expert faculty that will be beneficial in practice

**The primary aim is to ensure the safe and effective use of Zimmer Biomet implants.**
