

# BioSkills Course

## Primary Knee Arthroplasty

Preliminary Program

Yıldırım Beyazıt Cadaver Center  
Ankara, Turkey

15 – 16 August 2017

### Faculty:

Prof. Bozkurt

Prof. Çetin

Prof. Karatosun

Prof. Tuncay

## Meeting Information

This immersive and flexible practical course aims to give you all of the knowledge and skills that you require to evaluate this procedure. Please ask any questions as they arise, and the Zimmer Biomet Institute Faculty and Staff will help you find your solution

## Learning Objectives

- Discuss suitable indications and patient selection for Primary TKA procedures
- Summarise the key points about surgical anatomy and approaches
- Understand the NexGen 4-in-1 and Vanguard Primary surgical techniques and instrument options
- Perform NexGen 4-in-1 and Vanguard Primary procedures safely and effectively on anatomical specimens
- Review the surgical tips from expert faculty that will be beneficial in practice

**The primary aim is to ensure the safe and effective use of Zimmer Biomet implants.**
